Token Sale Guide

About True Flip

True Flip is a blockchain lottery platform. We have already developed a bitcoin-based and fair-proof lottery 6/49 (Powerball*) and plan to make at least 3 more lottery games. It is the first stage of the development and we have done half the work already.

In order to fulfill our mission in the best possible way we are making the whole lottery fully transparent: every ticket sold, every win, all the token holder rewards distributed and financial results will be published on the blockchain.

The second goal is to make True Flip platform as decentralized as virtually possible. We also intend to use decentralized hosting and multiple data centers so that discontinuation of one of them would have no effect on the platform in general.

The third, probably the most ambitious goal is to create a platform which could be used by private companies, charitable foundations and even governments to set up any kind of lotteries. Further details are set forth in this Whitepaper.

As the first step, we plan to create True Flip tokens which will grant their holders an access to daily rewards and entitle them to vote on the lottery's future development. We will also launch a Token Sale in order to distribute 70% of all True Flip tokens within the community. The team will own 20% of the tokens to remain motivated to keep on developing the project. The remaining 10% will be used to pay for advisers, escrow and bounty services. All unsold tokens will be burned.

There will be 21`000`000 of the TFL Tokens issued at the rate of 0.0005 BTC per 1 Token. During the ICO 14`700`000 Tokens will be put on sale. 10 to 15% of the ticket sales revenues will be proportionally distributed between all the TFL Token holders.

True Flip Group SRL is incorporated in Costa Rica, which officially allows online gambling. Trueflip.io website contains Terms & conditions, Public offer, Privacy Policy and Referral System Agreement.

The system provides two use cases that allow investors to buy tokens.

1. Token purchase via website dashboard on <https://ico.trueflip.io>

Sign up on the website and log into the system using your login and password.

The screenshot shows a dark-themed web interface. At the top, it says 'Step 2 of 3' and 'Create Your Account or Sign In'. Below this is a white form box with three input fields: 'Your name', 'Email', and 'Password'. A yellow 'SIGN UP' button is positioned below the fields. The background of the page is dark with a faint illustration of a whale.

- Click on your login in the upper right corner and choose “Investor profile” in the drop-down menu.

The screenshot shows the True Flip website interface. At the top, there's a 'TOTAL INVESTED' section with currency values: 300 BTC, 48168 LTC, 2152 ETH, and 155391 WAVES. Below this is a 'Our stats' section with a table of statistics. The main content area features a mission statement: 'Our goal is to become the most popular and transparent blockchain lottery with the largest Jackpot in the world.' A user profile dropdown menu is open in the top right corner, listing options: 'Anti cheater', 'Winners Club', 'My game', 'My bets', 'My referrals', 'Investor profile' (highlighted with a red circle), and 'Settings'. A 'LOG OUT' button is at the bottom of the menu. The footer contains the True Flip logo and navigation links for 'WITHDRAWAL', 'REFILL', 'BALANCE', 'RESULTS FROM THE DRAW ON 24/05/2017 23:00', and 'JACKPOT'.

- You will find yourself in the investor profile. Now you get access to the extended functionality of the dashboard, which allows you to buy tokens through system account credit.
